SALVATORE CAROTA

Big Q Lube Owner and Operator

I bring 29 years of experience in car service and repair to our unique and well regarded shop. I started by apprenticing at a local car repair shop after school. I later earned major industry certificates, worked as a master technician, and managed the service department at large dealerships. I also taught automotive repair at trade schools. Our goal at Big Q Lube is to continue earning the respect and high reputation of our community. We bring the highest quality service and integrity to our work and promote an "attitude of gratitude" towards our clients and vendors, knowing that satisfied customers who rely on our service is what makes us grow.
